

2.2.1. Special Program for Slow and Advanced Learner (Additional Information)

The institute addresses the learning needs of all categories of students, slow learners and advanced learners, by providing tutorial teaching, remedial classes and add-on courses etc.

Assessment:

It is done in step by step mode

1 – Conduction of test in levels from simple to complex. It involves; short answer tests and MCQs

Later level actions

Step 1: Personal important topic-wise explanation.

Step 2: Test Series The action plan suggested for advanced learners

More application level interaction by faculty and parallel assessment is done. Training for entrance exams to enroll at higher studies are given by faculty.

They are motivated to participate in national contests and rewarded by facilitating participation fees, travel charges and hotel fees by institute
