**b. Counseling**

One of the prime aims of Dr. K.N. Modi Institute of Pharmaceutical Education and Research is to nurture a healthy environment for improving the physical and the mental health of the students and staff members. Well-structured counseling sessions by experts are conducted from time to time from the perspectives of the career as well as psychological conditions. Students are encouraged to feel free and open to discuss with the teachers about their problems related to studies, professional issues and even the personal matters if the student thinks appropriate to discuss. Experienced Female faculty members have been deputed to understand the issues concerned with the girl students in a better and natural way. These activities help the students and staff members of the institute to tackle the work pressure and the study pressure effectively. Hostel wardens have been directed to look in to the matters of hostellers if any.
